P190-6659 Express Clearcoat

Product Introduction

P190-6659 Express Clearcoat is a fast drying, 2-pack high solids acrylic urethane clearcoat which provides a fast and easy to apply high gloss, durable finish specifically made for use over Aquabase® Plus waterborne basecoat.

P190-6659 Express Clearcoat offers multiple bake options for use on up to 3 panels. There is a Super Express System with a 10 minute bake for a single panel or spot repair, an Express System with a 15 minute bake for multiple panels and a Standard System with a 30 minute bake for even larger types of repairs.

P190-6659 can be used in two application modes, a "**One-Visit™**" application; where 1 light to medium flowing coat is immediately followed by a second medium coat with no flash-off between coats or a standard 2-coat application.
