

The "WorkStand Wheeler"

Easily Move A Loaded Work Stand . . . By Yourself!

- Holds round or square tube stand (X-Frame) work stands
- Holds up to 500 lbs. of components
- Self leveling steel channel for easy loading
- 1-1/2" Wide x 36" Long
- 3" low profile for easy wall storage

The Work Stand Wheeler eliminates the aggravation of dragging a loaded work stand across the floor and the parts falling off the work stand. For heavy loads it eliminates the second person needed to help carry the load.
