QuickClean™ Technology
• Incredibly fast cleanup – gun coating has non-stick properties
• Fully coated outside and inside for high corrosion and scratch resistance
• Excellent for solvent-based coatings and a must for waterborne

Ergonomic & Lightweight Design
• Compact, form-fitting design helps reduce painter fatigue
• Well-balanced and lightweight for increased comfort and performance
• Smooth trigger action—Comfortable trigger and unique “no kick” co-axial air valve make blends and fades easier

All-Climate Performance
• Optimized performance in climates varying from hot and humid to cold and dry
• Three air caps developed using advanced fluid dynamics technology for excellent atomization in varying conditions
• Outstanding finishes – from waterborne base coats to the latest high solids clears
